PREAMBLE

PREAMBLE

We, the people of the State of Ohio, grateful to Almighty God for our freedom, to secure its blessings and promote our common welfare, do establish this Constitution.

ARTICLE I: BILL OF RIGHTS

INALIENABLE RIGHTS.

§1 All men are, by nature, free and independent, and have certain inalienable rights, among which are those of enjoying and defending life and liberty, acquiring, possessing, and protecting property, and seeking and obtaining happiness and safety.

(1851)

RIGHT TO ALTER, REFORM, OR ABOLISH GOVERNMENT, AND REPEAL SPECIAL PRIVILEGES.

§2 All political power is inherent in the people. Government is instituted for their equal protection and benefit, and they have the right to alter, reform, or abolish the same, whenever they may deem it necessary; and no special privileges or immunities shall ever be granted, that may not be altered, revoked, or repealed by the General Assembly.

(1851)

RIGHT TO ASSEMBLE.

§3 The people have the right to assemble together, in a peaceable manner, to consult for the common good; to instruct their representatives; and to petition the General Assembly for the redress of grievances.

(1851)

BEARING ARMS; STANDING ARMIES; MILITARY POWER.

§4 The people have the right to bear arms for their defense and security; but standing armies, in time of peace, are dangerous to liberty, and shall not be kept up; and the military shall be in strict subordination to the civil power.

(1851)

TRIAL BY JURY.

§5 The right of trial by jury shall be inviolate, except that, in civil cases, laws may be passed to authorize the

rendering of a verdict by the concurrence of not less than three-fourths of the jury.

(1851, am. 1912)

SLAVERY AND INVOLUNTARY SERVITUDE.

§6 There shall be no slavery in this state; nor involuntary servitude, unless for the punishment of crime.

(1851)

RIGHTS OF CONSCIENCE; EDUCATION; THE NECESSITY OF RELIGION AND KNOWLEDGE.

§7 All men have a natural and infeasible right to worship Almighty God according to the dictates of their own conscience. No person shall be compelled to attend, erect, or support any place of worship, or maintain any form of worship, against his consent; and no preference shall be given, by law, to any religious society; nor shall any interference with the rights of conscience be permitted. No religious test shall be required, as a qualification for office, nor shall any person be incompetent to be a witness on account of his religious belief; but nothing herein shall be construed to dispense with oaths and affirmations. Religion, morality, and knowledge, however, being essential to good government, it shall be the duty of the General Assembly to pass suitable laws, to protect every religious denomination in the peaceable enjoyment of its own mode of public worship, and to encourage schools and the means of instruction.

(1851)

WRIT OF HABEAS CORPUS.

§8 The privilege of the writ of habeas corpus shall not be suspended, unless, in cases of rebellion or invasion, the public safety require it.

(1851)

BAIL

§9 All persons shall beailable by sufficient sureties, except for a person who is charged with a capital offense where the proof is evident or the presumption great and except for a person who is charged with a felony where the proof is evident or the presumption great and who where the person poses a substantial risk of serious physical harm to any person or to the community. Where a person is charged with any offense for which the person may be incarcerated, the court may determine at any time the type, amount, and

ARTICLE I: BILL OF RIGHTS

conditions of bail. Excessive bail shall not be required; nor excessive fines imposed; nor cruel and unusual punishments inflicted.

The General Assembly shall fix by law standards to determine whether a person who is charged with a felony where the proof is evident or the presumption great poses a substantial risk of serious physical harm to any person or to the community. Procedures for establishing the amount and conditions of bail shall be established pursuant to Article IV, Section 5(b) of the Constitution of the State of Ohio.

(1851, am. 1997)

TRIAL FOR CRIMES; WITNESS.

§10 Except in cases of impeachment, cases arising in the army and navy, or in the militia when in actual service in time of war or public danger, and cases involving offenses for which the penalty provided is less than imprisonment in the penitentiary, no person shall be held to answer for a capital, or otherwise infamous, crime, unless on presentment or indictment of a grand jury; and the number of persons necessary to constitute such grand jury and the number thereof necessary to concur in finding such indictment shall be determined by law. In any trial, in any court, the party accused shall be allowed to appear and defend in person and with counsel; to demand the nature and cause of the accusation against him, and to have a copy thereof; to meet witnesses face to face, and to have compulsory process to procure the attendance of witnesses in his behalf, and speedy public trial by an impartial jury of the county in which the offense is alleged to have been committed; but provision may be made by law for the taking of the deposition by the accused or by the state, to be used for or against the accused, of any witness whose attendance can not be had at the trial, always securing to the accused means and the opportunity to be present in person and with counsel at the taking of such deposition, and to examine the witness face to face as fully and in the same manner as if in court. No person shall be compelled, in any criminal case, to be a witness against himself; but his failure to testify may be considered by the court and jury and may be the subject of comment by counsel. No person shall be twice put in jeopardy for the same offense.

(1851, am. 1912)

RIGHTS OF VICTIMS OF CRIME.

§10a Victims of criminal offenses shall be accorded fairness, dignity, and respect in the criminal justice process, and, as the General Assembly shall define and provide by law, shall be accorded rights to reasonable and appropriate notice, information, access, and protection and to a meaningful role in the criminal justice process. This section does not confer upon any person a right to appeal or modify any decision in a criminal proceeding, does not abridge any other right guaranteed by the Constitution of the United States or this constitution, and does not create any cause of action for compensation or damages against the state, any officer, employee, or agent of the state or of any political subdivision, or any officer of the court.

(1994)

FREEDOM OF SPEECH; OF THE PRESS; OF LIBELS.

§11 Every citizen may freely speak, write, and publish his sentiments on all subjects, being responsible for the abuse of the right; and no law shall be passed to restrain or abridge the liberty of speech, or of the press. In all criminal prosecutions for libel, the truth may be given in evidence to the jury, and if it shall appear to the jury, that the matter charged as libelous is true, and was published with good motives, and for justifiable ends, the party shall be acquitted.

(1851)

TRANSPORTATION, ETC. FOR CRIME.

§12 No person shall be transported out of the state, for any offense committed within the same; and no conviction shall work corruption of blood, or forfeiture of estate.

(1851)

QUARTERING TROOPS.

§13 No soldier shall, in time of peace, be quartered in any house, without the consent of the owner; nor, in time of war, except in the manner prescribed by law.

(1851)

SEARCH WARRANTS AND GENERAL WARRANTS.

§14 The right of the people to be secure in their persons, houses, papers, and possessions, against unreasonable searches and seizures shall not be violated; and no warrant shall issue, but upon probable cause, supported by oath or affirmation, particularly describ-

ing the place to be searched and the person and things to be seized.

(1851)

NO IMPRISONMENT FOR DEBT.

§15 No person shall be imprisoned for debt in any civil action, on mesne or final process, unless in cases of fraud.

(1851)

REDRESS FOR INJURY; DUE PROCESS.

§16 All courts shall be open, and every person, for an injury done him in his land, goods, person, or reputation, shall have remedy by due course of law, and shall have justice administered without denial or delay.

Suits may be brought against the state, in such courts and in such manner, as may be provided by law.

(1851, am. 1912)

NO HEREDITARY PRIVILEGES.

§17 No hereditary emoluments, honors, or privileges, shall ever be granted or conferred by this State.

(1851)

SUSPENSION OF LAWS.

§18 No power of suspending laws shall ever be exercised, except by the General Assembly.

(1851)

EMINENT DOMAIN.

§19 Private property shall ever be held inviolate, but subservient to the public welfare. When taken in time of war or other public exigency, imperatively requiring its immediate seizure or for the purpose of making or repairing roads, which shall be open to the public, without charge, a compensation shall be made to the owner, in money, and in all other cases, where private property shall be taken for public use, a compensation therefor shall first be made in money, or first secured by a deposit of money; and such compensation shall be assessed by a jury, without deduction for benefits to any property of the owner.

(1851)

DAMAGES FOR WRONGFUL DEATH.

§19a The amount of damages recoverable by civil action in the courts for death caused by the wrongful act, neglect, or default of another, shall not be limited by law.

(1912)

PROTECT PRIVATE PROPERTY RIGHTS IN GROUND WATER, LAKES AND OTHER WATERCOURSES.

§ 19b. (A) The protection of the rights of Ohio's property owners, the protection of Ohio's natural resources, and the maintenance of the stability of Ohio's economy require the recognition and protection of property interests in ground water, lakes, and watercourses.

(B) The preservation of private property interests recognized under divisions (C) and (D) of this section shall be held inviolate, but subservient to the public welfare as provided in Section 19 of Article I of the Constitution.

(C) A property owner has a property interest in the reasonable use of the ground water underlying the property owner's land.

(D) An owner of riparian land has a property interest in the reasonable use of the water in a lake or watercourse located on or flowing through the owner's riparian land.

(E) Ground water underlying privately owned land and nonnavigable waters located on or flowing through privately owned land shall not be held in trust by any governmental body. The state, and a political subdivision to the extent authorized by state law, may provide for the regulation of such waters. An owner of land voluntarily may convey to a governmental body the owner's property interest held in the ground water underlying the land or nonnavigable waters located on or flowing through the land.

(F) Nothing in this section affects the application of the public trust doctrine as it applies to Lake Erie or the navigable waters of the state.

(G) Nothing in Section 1e of Article II, Section 36 of Article II, Article VIII, Section 1 of Article X, Section 3 of Article XVIII, or Section 7 of Article XVIII of the Constitution shall impair or limit the rights established in this section.

(2008)

POWERS RESERVED TO THE PEOPLE.

§20 This enumeration of rights shall not be construed to impair or deny others retained by the people, and all powers, not herein delegated, remain with the people.

(1851)

ARTICLE II: LEGISLATIVE

ARTICLE II: LEGISLATIVE

IN WHOM POWER VESTED.

§1 The legislative power of the state shall be vested in a General Assembly consisting of a Senate and House of Representatives but the people reserve to themselves the power to propose to the General Assembly laws and amendments to the constitution, and to adopt or reject the same at the polls on a referendum vote as hereinafter provided. They also reserve the power to adopt or reject any law, section of any law or any item in any law appropriating money passed by the General Assembly, except as herein after provided; and independent of the General Assembly to propose amendments to the constitution and to adopt or reject the same at the polls. The limitations expressed in the constitution, on the power of the General Assembly to enact laws, shall be deemed limitations on the power of the people to enact laws.

(1851, am. 1912, 1918, 1953)

INITIATIVE AND REFERENDUM TO AMEND CONSTITUTION.

§1a The first aforesaid power reserved by the people is designated the initiative, and the signatures of ten per centum of the electors shall be required upon a petition to propose an amendment to the constitution. When a petition signed by the aforesaid required number of electors, shall have been filed with the secretary of state, and verified as herein provided, proposing an amendment to the constitution, the full text of which shall have been set forth in such petition, the secretary of state shall submit for the approval or rejection of the electors, the proposed amendment, in the manner hereinafter provided, at the next succeeding regular or general election in any year occurring subsequent to one hundred twenty-five days after the filing of such petition. The initiative petitions, above described, shall have printed across the top thereof: "Amendment to the Constitution Proposed by Initiative Petition to be Submitted Directly to the Electors."

(1912, am. 2008)

INITIATIVE AND REFERENDUM TO ENACT LAWS.

§1b When at any time, not less than ten days prior to the commencement of any session of the General Assembly, there shall have been filed with the secretary of state a petition signed by three per centum of the electors and verified as herein provided, proposing a law,

the full text of which shall have been set forth in such petition, the secretary of state shall transmit the same to the General Assembly as soon as it convenes. If said proposed law shall be passed by the General Assembly, either as petitioned for or in an amended form, it shall be subject to the referendum. If it shall not be passed, or if it shall be passed in an amended form, or if no action shall be taken thereon within four months from the time it is received by the General Assembly, it shall be submitted by the secretary of state to the electors for their approval or rejection, if such submission shall be demanded by supplementary petition verified as herein provided and signed by not less than three per centum of the electors in addition to those signing the original petition, which supplementary petition must be signed and filed with the secretary of state within ninety days after the proposed law shall have been rejected by the General Assembly or after the expiration of such term of four months, if no action has been taken thereon, or after the law as passed by the General Assembly shall have been filed by the governor in the office of the secretary of state. The proposed law shall be submitted at the next regular or general election occurring subsequent to one hundred twenty-five days after the supplementary petition is filed in the form demanded by such supplementary petition which form shall be either as first petitioned for or with any amendment or amendments which may have been incorporated therein by either branch or by both branches, of the General Assembly. If a proposed law so submitted is approved by a majority of the electors voting thereon, it shall be the law and shall go into effect as herein provided in lieu of any amended form of said law which may have been passed by the General Assembly, and such amended law passed by the General Assembly shall not go into effect until and unless the law proposed by supplementary petition shall have been rejected by the electors. All such initiative petitions, last above described, shall have printed across the top thereof, in case of proposed laws: "Law Proposed by Initiative Petition First to be Submitted to the General Assembly." Ballots shall be so printed as to permit an affirmative or negative vote upon each measure submitted to the electors. Any proposed law or amendment to the constitution submitted to the electors as provided in section 1a and section 1b, if approved by a majority of the electors voting thereon, shall take effect thirty days after the election at which it was approved and shall be published by the secretary of state. If conflicting

ARTICLE II: LEGISLATIVE

proposed laws or conflicting proposed amendments to the constitution shall be approved at the same election by a majority of the total number of votes cast for and against the same, the one receiving the highest number of affirmative votes shall be the law, or in the case of amendments to the constitution shall be the amendment to the constitution. No law proposed by initiative petition and approved by the electors shall be subject to the veto of the governor.

(1912, am. 2008)

REFERENDUM TO CHALLENGE LAWS ENACTED BY GENERAL ASSEMBLY.

§1c The second aforesaid power reserved by the people is designated the referendum, and the signatures of six per centum of the electors shall be required upon a petition to order the submission to the electors of the state for their approval or rejection, of any law, section of any law or any item in any law appropriating money passed by the General Assembly. No law passed by the General Assembly shall go into effect until ninety days after it shall have been filed by the governor in the office of the secretary of state, except as herein provided. When a petition, signed by six per centum of the electors of the state and verified as herein provided, shall have been filed with the secretary of state within ninety days after any law shall have been filed by the governor in the office of the secretary of state, ordering that such law, section of such law or any item in such law appropriating money be submitted to the electors of the state for their approval or rejection, the secretary of state shall submit to the electors of the state for their approval or rejection such law, section or item, in the manner herein provided, at the next succeeding regular or general election in any year occurring subsequent to one hundred twenty-five days after the filing of such petition, and no such law, section or item shall go into effect until and unless approved by a majority of those voting upon the same. If, however, a referendum petition is filed against any such section or item, the remainder of the law shall not thereby be prevented or delayed from going into effect.

(1912, am. 2008)

EMERGENCY LAWS; NOT SUBJECT TO REFERENDUM.

§1d Laws providing for tax levies, appropriations for the current expenses of the state government and state institutions, and emergency laws necessary for the immediate preservation of the public peace, health or

safety, shall go into immediate effect. Such emergency laws upon a ye and nay vote must receive the vote of two thirds of all the members elected to each branch of the General Assembly, and the reasons for such necessity shall be set forth in one section of the law, which section shall be passed only upon a ye and nay vote, upon a separate roll call thereon. The laws mentioned in this section shall not be subject to the referendum.

(1912)

POWERS; LIMITATION OF USE.

§1e The powers defined herein as the “initiative” and “referendum” shall not be used to pass a law authorizing any classification of property for the purpose of levying different rates of taxation thereon or of authorizing the levy of any single tax on land or land values or land sites at a higher rate or by a different rule than is or may be applied to improvements thereon or to personal property.

(1912)

POWER OF MUNICIPALITIES.

§1f The initiative and referendum powers are hereby reserved to the people of each municipality on all questions which such municipalities may now or hereafter be authorized by law to control by legislative action; such powers shall be exercised in the manner now or hereafter provided by law.

(1912)

PETITION REQUIREMENTS AND PREPARATION; SUBMISSION; BALLOT LANGUAGE; BY OHIO BALLOT BOARD.

§1g Any initiative, supplementary, or referendum petition may be presented in separate parts but each part shall contain a full and correct copy of the title, and text of the law, section or item thereof sought to be referred, or the proposed law or proposed amendment to the constitution. Each signer of any initiative, supplementary, or referendum petition must be an elector of the state and shall place on such petition after his name the date of signing and his place of residence. A signer residing outside of a municipality shall state the county and the rural route number, post office address, or township of his residence. A resident of a municipality shall state the street and number, if any, of his residence and the name of the municipality or the post office address. The names of all signers to such petitions shall be written in ink, each signer for himself. To each part of such petition shall be attached the

ARTICLE II: LEGISLATIVE

statement of the circulator, as may be required by law, that he witnessed the affixing of every signature. The secretary of state shall determine the sufficiency of the signatures not later than one hundred five days before the election.

The Ohio supreme court shall have original, exclusive jurisdiction over all challenges made to petitions and signatures upon such petitions under this section. Any challenge to a petition or signature on a petition shall be filed not later than ninety-five days before the day of the election. The court shall hear and rule on any challenges made to petitions and signatures not later than eighty-five days before the election. If no ruling determining the petition or signatures to be insufficient is issued at least eighty-five days before the election, the petition and signatures upon such petitions shall be presumed to be in all respects sufficient.

If the petitions or signatures are determined to be insufficient, ten additional days shall be allowed for the filing of additional signatures to such petition. If additional signatures are filed, the secretary of state shall determine the sufficiency of those additional signatures not later than sixty-five days before the election. Any challenge to the additional signatures shall be filed not later than fifty-five days before the day of the election. The court shall hear and rule on any challenges made to the additional signatures not later than forty-five days before the election. If no ruling determining the additional signatures to be insufficient is issued at least forty-five days before the election, the petition and signatures shall be presumed to be in all respects sufficient.

No law or amendment to the constitution submitted to the electors by initiative and supplementary petition and receiving an affirmative majority of the votes cast thereon, shall be held unconstitutional or void on account of the insufficiency of the petitions by which such submission of the same was procured; nor shall the rejection of any law submitted by referendum petition be held invalid for such insufficiency. Upon all initiative, supplementary, and referendum petitions provided for in any of the sections of this article, it shall be necessary to file from each of one-half of the counties of the state, petitions bearing the signatures of not less than one-half of the designated percentage of the electors of such county. A true copy of all laws or proposed laws or proposed amendments to the constitution, together with an argument or explanation, or both, for, and also an argument or explanation, or

both, against the same, shall be prepared. The person or persons who prepare the argument or explanation, or both, against any law, section, or item, submitted to the electors by referendum petition, may be named in such petition and the persons who prepare the argument or explanation, or both, for any proposed law or proposed amendment to the constitution may be named in the petition proposing the same. The person or persons who prepare the argument or explanation, or both, for the law, section, or item, submitted to the electors by referendum petition, or against any proposed law submitted by supplementary petition, shall be named by the General Assembly, if in session, and if not in session then by the governor. The law, or proposed law, or proposed amendment to the constitution, together with the arguments and explanations, not exceeding a total of three hundred words for each, and also the arguments and explanations, not exceeding a total of three hundred words against each, shall be published once a week for three consecutive weeks preceding the election, in at least one newspaper of general circulation in each county of the state, where a newspaper is published. The secretary of state shall cause to be placed upon the ballots, the ballot language for any such law, or proposed law, or proposed amendment to the constitution, to be submitted. The ballot language shall be prescribed by the Ohio ballot board in the same manner, and subject to the same terms and conditions, as apply to issues submitted by the general assembly pursuant to Section 1 of Article XVI of this constitution: The ballot language shall be so prescribed and the secretary of state shall cause the ballots so to be printed as to permit an affirmative or negative vote upon each law, section of law, or item in a law appropriating money, or proposed law, or proposed amendment to the constitution. The style of all laws submitted by initiative and supplementary petition shall be: "Be it Enacted by the People of the State of Ohio," and of all constitutional amendments: "Be it Resolved by the People of the State of Ohio." The basis upon which the required number of petitioners in any case shall be determined shall be the total number of votes cast for the office of governor at the last preceding election therefor. The foregoing provisions of this section shall be self-executing, except as herein otherwise provided. Laws may be passed to facilitate their operation but in no way limiting or restricting either such provisions or the powers herein reserved.

Each house shall determine its own rules of proceeding.

(1851, am. 1973)

§8 Each General Assembly shall convene in first regular session on the first Monday of January in the odd-numbered year, or on the succeeding day if the first Monday of January is a legal holiday, and in second regular session on the same date of the following year. Either the governor, or the presiding officers of the General Assembly chosen by the members thereof, acting jointly, may convene the General Assembly in special session by a proclamation which may limit the purpose of the session. A vacancy occurring before or during the first twenty months of a Senatorial term shall be filled temporarily by election as provided in this section, for only that portion of the term which will expire on the thirty-first day of December following the next general election occurring in an even-numbered year after the vacancy occurs, at which election the seat shall be filled by the electors as provided by law for the remaining, unexpired portion of the term, the member-elect so chosen to take office on the first day in January next following such election. No person shall be elected to fill a vacancy in the Senate or House of Representatives, as the case may be, unless he meets the qualifications set forth in this constitution and the laws of this state for the seat in which the vacancy occurs. An election to fill a vacancy shall be accomplished, notwithstanding the provisions of section 27, Article II of this constitution, by the adoption of a resolution, while the Senate or the House of Representatives, as the case may be, is in session, with the taking of the yeas and nays of the members of the Senate or the House of Representatives, as the case may be, affiliated with the same political party as the person last elected to the seat in which the vacancy occurs. The adoption of such resolution shall require the affirmative vote of a majority of the members elected to the Senate or the House of Representatives, as the case may be, entitled to vote thereon. Such vote shall be spread upon the journal of the Senate or the House of Representatives, as the case may be, and certified to the secretary of state by the clerk thereof. HOW BILLS SHALL BE PASSED.

§15 (A) The General Assembly shall enact no law except by bill, and no bill shall be passed without the concurrence of a majority of the members elected to each house. Bills may originate in either house, but may be altered, amended, or rejected in the other.

(B) The style of the laws of this state shall be, "be it enacted by the General Assembly of the state of Ohio."

(C) Every bill shall be considered by each house on three different days, unless two-thirds of the members elected to the house in which it is pending suspend this requirement, and every individual consideration of a bill or action suspending the requirement shall be re-recorded in the journal of the respective house. No bill may be passed until the bill has been reproduced and distributed to members of the house in which it is pending and every amendment been made available upon a member's request.

(D) No bill shall contain more than one subject, which shall be clearly expressed in its title. No law shall be revived or amended unless the new act contains the entire act revived, or the section or sections amended, and the section or sections amended shall be repealed.

(E) Every bill which has passed both houses of the General Assembly shall be signed by the presiding officer of each house to certify that the procedural requirements for passage have been met and shall be presented forthwith to the governor for his approval.

(F) Every joint resolution which has been adopted in both houses of the General Assembly shall be signed by the presiding officer of each house to certify that the procedural requirements for adoption have been met and shall forthwith be filed with the secretary of state.

(1973)

BILLS TO BE SIGNED BY GOVERNOR; VETO.

§16 If the governor approves an act, he shall sign it, it becomes law and he shall file it with the secretary of state.

If he does not approve it, he shall return it with his objections in writing, to the house in which it originated, which shall enter the objections at large upon its journal, and may then reconsider the vote on its passage. If three-fifths of the members elected to the house of origin vote to repass the bill, it shall be sent, with the objections of the governor, to the other house, which may also reconsider the vote on its passage. If three fifths of the members elected to the second house vote to repass it, it becomes law notwithstanding the objections of the governor, and the presiding officer of the second house shall file it with the secretary of state. In no case shall a bill be repassed by a smaller vote than is required by the constitution on its original passage. In all cases of reconsideration the vote of each house shall be determined by yeas and nays, and the names of the members voting for and against the bill shall be entered upon the journal.

If a bill is not returned by the governor within ten days, Sundays excepted, after being presented to him, it becomes law in like manner as if he had signed it, unless the General Assembly by adjournment prevents its return; in which case, it becomes law unless, within ten days after such adjournment, it is filed by him, with his objections in writing, in the office of the secretary of state. The governor shall file with the secretary of state every bill not returned by him to the house of origin that becomes law without his signature.

The governor may disapprove any item or items in any bill making an appropriation of money and the item or items, so disapproved, shall be void, unless

WELFARE OF EMPLOYEES.

§34 Laws may be passed fixing and regulating the hours of labor, establishing a minimum wage, and providing for the comfort, health, safety and general welfare of all employes; and no other provision of the constitution shall impair or limit this power.

(1912)

MINIMUM WAGE.

§34a Except as provided in this section, every employer shall pay their employees a wage rate of not less than six dollars and eighty-five cents per hour beginning January 1, 2007. On the thirtieth day of each September, beginning in 2007, this state minimum wage rate shall be increased effective the first day of the following January by the rate of inflation for the twelve month period prior to that September according to the consumer price index or its successor index for all urban wage earners and clerical workers for all items as calculated by the federal government rounded to the nearest five cents. Employees under the age of sixteen and employees of businesses with annual gross receipts of two hundred fifty thousand dollars or less for the preceding calendar year shall be paid a wage rate of not less than that established under the federal Fair Labor Standards Act or its successor law. This gross revenue figure shall be increased each year beginning January 1, 2008 by the change in the consumer price index or its successor index in the same manner as the required annual adjustment in the minimum wage rate set forth above rounded to the nearest one thousand dollars. An employer may pay an employee less than, but not less than half, the minimum wage rate required by this section if the employer is able to demonstrate that the employee receives tips that combined with the wages paid by the employer are equal to or greater than the minimum wage rate for all hours worked. The provisions of this section shall not apply to employees of a solely family owned and operated business who are family members of an owner. The state may issue

ARTICLE II: LEGISLATIVE

licenses to employers authorizing payment of a wage rate below that required by this section to individuals with mental or physical disabilities that may otherwise adversely affect their opportunity for employment.

As used in this section: “employer,” “employee,” “employ,” “person” and “independent contractor” have the same meanings as under the federal Fair Labor Standards Act or its successor law, except that “employer” shall also include the state and every political subdivision and “employee” shall not include an individual employed in or about the property of the employer or individual’s residence on a casual basis. Only the exemptions set forth in this section shall apply to this section.

An employer shall at the time of hire provide an employee the employer’s name, address, telephone number, and other contact information and update such information when it changes. An employer shall maintain a record of the name, address, occupation, pay rate, hours worked for each day worked and each amount paid an employee for a period of not less than three years following the last date the employee was employed. Such information shall be provided without charge to an employee or person acting on behalf of an employee upon request. An employee, person acting on behalf of one or more employees and/or any other interested party may file a complaint with the state for a violation of any provision of this section or any law or regulation implementing its provisions. Such complaint shall be promptly investigated and resolved by the state. The employee’s name shall be kept confidential unless disclosure is necessary to resolution of a complaint and the employee consents to disclosure. The state may on its own initiative investigate an employer’s compliance with this section and any law or regulation implementing its provisions. The employer shall make available to the state any records related to such investigation and other information required for enforcement of this section or any law or regulation implementing its provisions. No employer shall discharge or in any other manner discriminate or retaliate against an employee for exercising any right under this section or any law or regulation implementing its provisions or against any person for providing assistance to an employee or information regarding the same.

An action for equitable and monetary relief may be brought against an employer by the attorney general and/or an employee or person acting on behalf of an employee or all similarly situated employees in any

court of competent jurisdiction, including the common pleas court of an employee’s county of residence, for any violation of this section or any law or regulation implementing its provisions within three years of the violation or of when the violation ceased if it was of a continuing nature, or within one year after notification to the employee of final disposition by the state of a complaint for the same violation, whichever is later. There shall be no exhaustion requirement, no procedural, pleading or burden of proof requirements beyond those that apply generally to civil suits in order to maintain such action and no liability for costs or attorney’s fees on an employee except upon a finding that such action was frivolous in accordance with the same standards that apply generally in civil suits. Where an employer is found by the state or a court to have violated any provision of this section, the employer shall within thirty days of the finding pay the employee back wages, damages, and the employee’s costs and reasonable attorney’s fees. Damages shall be calculated as an additional two times the amount of the back wages and in the case of a violation of an anti-retaliation provision an amount set by the state or court sufficient to compensate the employee and deter future violations, but not less than one hundred fifty dollars for each day that the violation continued. Payment under this paragraph shall not be stayed pending any appeal.

This section shall be liberally construed in favor of its purposes. Laws may be passed to implement its provisions and create additional remedies, increase the minimum wage rate and extend the coverage of the section, but in no manner restricting any provision of the section or the power of municipalities under Article XVIII of this constitution with respect to the same.

If any part of this section is held invalid, the remainder of the section shall not be affected by such holding and shall continue in full force and effect.

WORKERS’ COMPENSATION.

§35 For the purpose of providing compensation to workmen and their dependents, for death, injuries or occupational disease, occasioned in the course of such workmen’s employment, laws may be passed establishing a state fund to be created by compulsory contribution thereto by employers, and administered by the state, determining the terms and conditions upon

ARTICLE II: LEGISLATIVE

which payment shall be made therefrom. Such compensation shall be in lieu of all other rights to compensation, or damages, for such death, injuries, or occupational disease, and any employer who pays the premium or compensation provided by law, passed in accordance herewith, shall not be liable to respond in damages at common law or by statute for such death, injuries or occupational disease. Laws may be passed establishing a board which may be empowered to classify all occupations, according to their degree of hazard, to fix rates of contribution to such fund according to such classification, and to collect, administer and distribute such fund, and to determine all rights of claimants thereto. Such board shall set aside as a separate fund such proportion of the contributions paid by employers as in its judgment may be necessary, not to exceed one per centum thereof in any year, and so as to equalize, insofar as possible, the burden thereof, to be expended by such board in such manner as may be provided by law for the investigation and prevention of industrial accidents and diseases. Such board shall have full power and authority to hear and determine whether or not an injury, disease or death resulted because of the failure of the employer to comply with any specific requirement for the protection of the lives, health or safety of employees, enacted by the General Assembly or in the form of an order adopted by such board, and its decision shall be final; and for the purpose of such investigations and inquiries it may appoint referees. When it is found, upon hearing, that an injury, disease or death resulted because of such failure by the employer, such amount as shall be found to be just, not greater than fifty nor less than fifteen per centum of the maximum award established by law, shall be added by the board, to the amount of the compensation that may be awarded on account of such injury, disease, or death, and paid in like manner as other awards; and, if such compensation is paid from the state fund, the premium of such employer shall be increased in such amount, covering such period of time as may be fixed, as will recoup the state fund in the amount of such additional award, notwithstanding any and all other provisions in this constitution.

Laws may also be passed to provide for the deferral or recoupment of any part of the difference in the dollar amount of real property tax levied in any year on land valued in accordance with its agricultural use and the dollar amount of real property tax which would have been levied upon such land had it been valued for such year in accordance with section 2 of Article XII. Laws may also be passed to provide for converting into forest reserves such lands or parts of lands as have been or may be forfeited to the state, and to authorize the acquiring of other lands for that purpose; also, to provide for the conservation of the natural resources of the state, including streams, lakes, submerged and swamp lands and the development and regulation of water power and the formation of drainage and conservation districts; and to provide for the regulation of methods of mining, weighing, measuring and marketing coal, oil, gas and all other minerals.

Laws may be passed to carry into effect such purpose including the payment, when required, of any such guarantee from moneys available for such payment after first providing the moneys necessary to meet the requirements of any bonds or other obligations heretofore or hereafter authorized by any section of the constitution. Such laws and guarantees shall not be subject to the limitations or requirements of Article VIII or of Section 11 of Article XII of the constitution. If the General Assembly should so appropriate any funds to the World War II compensation fund prior to the time the commissioners of the sinking fund shall have issued bonds of the aggregate total amount of face value authorized in this section, the aggregate total amount of face value of bonds so authorized to be issued shall be reduced by the amount of the funds so appropriated.

During the period of fifteen years beginning January 1, 1949, the treasurer of state of the state of Ohio shall without appropriation thereof by the General Assembly, transfer into said World War II compensation bond retirement fund one million dollars each month out of

funds in the state treasury derived from taxes levied by the state for the purpose of providing revenues to defray the expenses of the state, excepting the taxes levied by the state by sections 5527, 5541, and 6291 of the General Code of Ohio [RC §5735.05, 5735.25, 4303.02] as the same may be in effect on the effective date of this section. To secure such monthly transfer of funds a lien is hereby created upon all funds coming into the state treasury after January 1, 1949, derived from taxes as aforesaid, which lien shall be the first and best lien upon all such funds. It shall be the duty of the treasurer of state to set aside and use for the purpose of making such monthly transfer of funds, part of each dollar received in the state treasury in each calendar year during said period of fifteen years beginning January 1, 1949, derived from taxes as aforesaid, so that the total amount of money so set aside in each of such calendar years shall be twelve million dollars, and so that the ratio which the amount of each dollar so set aside shall bear to one dollar shall be the same as the ratio which the amount of twelve million dollars shall bear to the total amount of money received in the state treasury in such calendar years derived from taxes as aforesaid. The treasurer of state shall set aside part of each dollar before paying out, transferring, or disposing of in any other manner, such dollar or any part thereof for any other purpose whatsoever, and he shall make the transfer of one million dollars each month to the World War II compensation bond retirement fund, herein-above provided for, out of said sum of twelve million dollars so set aside in each of such calendar years.

The commissioners of the sinking fund shall, on or before the first day of July in each calendar year, levy and certify to the auditor of the state of Ohio a state tax on all taxable property subject to taxation on the general tax lists of all counties in the state of Ohio for such year at such rate as it shall determine to be necessary to provide, together with other money which will be available in the World War II compensation bond retirement fund, the total amount of funds which will be required in the next following calendar year for the retirement of bonds and the payment of interest payable in such year. Such levy shall be in addition to all other taxes levied now or hereafter within the period during which bonds issued pursuant to the provisions of this section shall be outstanding, by or pursuant to law or any provision of the Constitution of the state of Ohio, and shall not be considered in applying any limitation

or aggregate tax rates now or hereafter within the period during which bonds issued pursuant to the provisions of this section shall be outstanding, provided by or pursuant to law or any provision of the Constitution of the state of Ohio. The auditor of state shall certify such levies to the auditor of each county in Ohio, who shall extend the same on the tax lists of his county for the year in which such levy is made and shall place same for collection on the tax duplicates of his county to be collected the same time and in the same manner as other taxes on such duplicates. Said taxes herein authorized, when collected, shall be paid into the World War II compensation bond retirement fund in the treasury of the state. The World War II compensation bond retirement fund shall be paid out, without appropriation thereof by the General Assembly of Ohio, upon the order of the commissioners of the sinking fund for the purpose of the payment, or retirement in other manner, of said bonds and interest thereon.

The World War II compensation fund shall be paid out upon order of the commissioners of the sinking fund, without appropriation by the General Assembly of Ohio, in payment of the expenses of administering this section, and as compensation as follows: every person who shall have served in active duty in the armed forces of the United States at any time between December 7, 1941 and September 2, 1945, both dates inclusive, and who, at the time of commencing such service, was and had been a resident of the state of Ohio for at least one year immediately preceding the commencement of such service, and who shall have been separated from such service under honorable conditions, or who is still in such service, or who has been retired, and who was in service for a period of at least ninety days, shall be entitled to receive compensation of ten dollars for each month during which such person was in active domestic service and fifteen dollars for each month during which such person was in active foreign service within said period of time; provided, however, that any person who was serving in active duty in the armed forces of the United States on the seventh day of December, 1941, and who did not so serve at least ninety days thereafter because of a service-connected injury or death shall be deemed to have served at least ninety days within the period of time commencing December 7, 1941 and ending September 2, 1945; and provided, further, that the maximum amount of compensation payable under this section shall not be in excess of four hundred dollars; and provided, further,

that no compensation shall be paid under this section to any person who shall have received from another state a bonus or compensation of a like nature as is provided under this section. No compensation shall be paid under this section to any person for any periods of time spent under penal confinement during the period of active duty. Compensation for a fraction of a month of service shall be paid on the basis of one-thirtieth of the above monthly amounts for each day of such service. Service in the merchant marine of the United States shall not be considered for the purpose of this section. "Domestic service" as used herein means service within the continental limits of the United States (excluding Alaska). "Foreign service" as used herein means service in all other places, including sea duty.

Either the surviving husband or wife, or the surviving child or children, or the surviving parents or parent, of a deceased person shall be paid the same amount of compensation that such deceased person would be entitled to receive under this section, if living; provided, however, that if such deceased person's death was service-connected and in line of duty, his survivors as hereinbefore designated, shall be paid four hundred dollars regardless of the amount of compensation which such deceased person would be entitled to receive under this section, if living; provided further, that the amount of compensation payable to such survivors of such deceased person shall be payable only to one of the three groups of survivors hereinbefore designated in the order in which said groups are herein named; and provided further, that the surviving husband or wife of more than one deceased person who would be entitled to receive compensation under this section, if living, shall be paid only that amount of compensation payable by reason of the first of the deaths of such deceased persons.

No sale or assignment of any right or claim to compensation under this section shall be valid, no claims of creditors shall be enforceable against rights or claims to or payments of compensation under this section, and no fees shall be charged for services in connection with the prosecution of any right or claim to compensation or the collection of any compensation under this section.

The commissioners of the sinking fund shall have complete charge of making payments of the compensation provided for in this section and shall adopt and promulgate regulations governing their procedure in

connection therewith, including determinations as to who are proper beneficiaries and the amounts to which such beneficiaries are entitled, determinations as to whether an applicant has the necessary residence requirements, and such other regulations as it may deem necessary and proper; provided, however, that all applications for payment of compensation under this section shall be made to the commissioners of the sinking fund before July 1, 1950.

The commissioners of the sinking fund shall select and appoint such legal counsel and employees as it may deem necessary, fix their compensation and prescribe their duties, and all such appointees shall serve at its pleasure.

The people of the state of Ohio declare that their enactment of this special amendment of the Constitution of the state of Ohio is to meet the specific emergency covered thereby, and they declare it to be their intention to in no manner affect or change any of the existing provisions of the said constitution except as herein set forth. The provisions of this section shall be self executing.

Upon the retirement of all the bonds that may be issued hereunder and the payment of all valid claims for compensation made within the limitations of time as prescribed herein, the commissioners of the sinking fund shall make a final report to the General Assembly of Ohio, and any balance remaining in any of the funds herein created and referred to shall be disposed of as shall be provided by law.

All construction shall be done by contract as shall be provided by law. No part of such proceeds shall be appropriated except to meet the requirements of programs or schedules of acquisition of rights-of-way, highway construction and reconstruction which the governor, or other highway authority with the concurrence of the governor, shall submit to the General Assembly before such appropriations are made. Such appropriations shall be made only for major thoroughfares of the state highway system and urban extensions thereof. vided for, provided that the aggregate total amount of face value of bonds so issued shall not exceed ninety million dollars. The full faith and credit of the state of Ohio is hereby pledged for the payment of such bonds. All bonds so issued shall mature in thirty semiannual installments commencing not later than two years after the respective dates thereof. The maturities thereof shall be so fixed that the total amounts of payments on account of principal and interest to be paid on each of such semiannual installment payment dates shall be substantially equal. No such bonds shall be issued or bear dates later than the first day of April, 1959. All bonds so issued shall bear interest at such rates as the commissioners of the sinking fund may fix, which interest shall be payable semiannually. Such bonds, and the interest thereon as income, shall be exempt from all taxes levied by the state of Ohio or any taxing district thereof.

The bonds may, at the option of the Commissioners of the Sinking Fund, be issued subject to call on any interest payment date at par and accrued interest. All sales of such bonds by the Commissioners of the Sinking Fund shall be in accordance with such regulations as it shall make and promulgate, provided that such bonds shall be sold only to the highest bidder or bidders therefor after notice of such sale shall have been published once each week for three consecutive weeks on the same day of each of such weeks, the first of such notices being published at least twenty-one full days before the date of sale, in a newspaper of general circulation in each of the eight most populous counties in the state of Ohio, and provided that each of such published notices shall state the day, hour and place of the sale, the total face value of the bonds to be sold, their denominations, dates, and the dates of their maturities, information relative to the rates of interest which the bonds will bear, and the dates upon which interest will be payable. The Commissioners of the Sinking Fund shall have the right to reject any or all bids and to readvertise and reoffer bonds for sale. Out of the proceeds of the sale of all bonds that amount which represents accrued interest, if any, shall be paid into the treasury of the state of Ohio into a fund to be known as The Korean Conflict Compensation Bond Retirement Fund. The balance shall be paid into the treasury of the state of Ohio into a fund to be known as The Korean Conflict Compensation Fund. The General Assembly of the state of Ohio may appropriate and cause to be paid into The Korean Conflict Compen-

sation Bond Retirement Fund or The Korean Conflict Compensation Fund, out of the funds in the treasury of the state not otherwise appropriated, such amount as is proper for use upon order of the Commissioners of the Sinking Fund for the purposes for which such funds are created as herein provided. If the General Assembly should so appropriate any funds to The Korean Conflict Compensation Fund prior to the time the Commissioners of the Sinking Fund shall have issued bonds of the aggregate total amount of face value authorized in this section, the aggregate total amount of face value of bonds so authorized to be issued shall be reduced by the amount of the funds so appropriated.

The Commissioners of the Sinking Fund shall, on or before the first day of July in each calendar year, levy and certify to the auditor of the state of Ohio a state tax on all taxable property subject to taxation on the general tax lists of all counties in the state of Ohio for such year at such rate as it shall determine to be necessary to provide, together with other money which will be available in The Korean Conflict Compensation Bond Retirement Fund, the total amount of funds which will be required in the next following calendar year for the retirement of bonds and the payment of interest payable in such year. Said taxes herein authorized, when collected, shall be paid into The Korean Conflict Compensation Bond Retirement Fund in the treasury of the state. acquiring, constructing, reconstructing, and otherwise improving and equipping buildings and structures, excluding highways, and for the purpose of acquiring lands and interests in lands for sites for such buildings and structures, one hundred seventy-five million dollars shall be issued for the state supported or assisted college or universities including community colleges, municipal universities, and university branches, thirty-five million dollars shall be issued for providing classroom facilities for the public schools to be leased or sold by the state to public school districts unable, within the limitations provided by law, to provide adequate facilities without assistance from the state, and fifteen million dollars shall be issued for state functions, activities, offices, institutions, including penal, correctional, mental, and welfare, and research and development; and for the purpose of assisting in the development of the state by acquiring lands and interests in lands and to develop such lands and interests or other state lands for water impoundment sites, park and recreational uses, and conservation of natural resources twenty-five million dollars shall be issued. Such tax on the use, consumption, or storage for consumption of cigarettes by consumers in this state shall not be levied upon cigarettes upon which the tax on sales has been paid. The General Assembly of the state of Ohio shall enact laws providing for the collection of such taxes. The moneys received into the state treasury from such one-half cent excise tax on sales of cigarettes and from such one half cent excise tax on the use, consumption, or storage for consumption of cigarettes by consumers in this state shall be paid into a separate and distinct bond retirement fund hereby created. In the event the moneys in the separate and distinct bond retirement fund created by this section are at any time insufficient to pay the current interest, principal, and charges for the issuance and retirement of bonds and

other obligations issued under authority of this section, then such moneys as may be required to pay such current interest, principal, and charges are hereby appropriated for those purposes, without other appropriations but according to law, from the proceeds of all excises and taxes excluding those above excepted. Any balance remaining in the separate and distinct bond retirement fund created by this section after payment of all interest, principal, and charges for the issuance and retirement of bonds or other obligations issued under authority of this section shall be disposed of for the purposes enumerated in this section as may be provided by law.

As long as any of such bonds or other obligations are outstanding there shall be levied and collected in amounts sufficient to pay the principal of and interest on such bonds or other obligations, excises and taxes, excluding those above excepted.

No part of such proceeds shall be appropriated except to meet the requirements of programs or schedules or acquisition of rights-of-way, highway construction and reconstruction which the governor, or other highway authority designated by law, with the concurrence of the governor, shall submit to the General Assembly before such appropriations are made. Such appropriations shall be made only for major thoroughfares of the state highway system and urban extensions thereof. No part of such borrowing shall be contracted after the last day of December, 1970. The faith and credit of the state are hereby pledged for the payment of such bonds or other obligations or the interest thereon, and they shall be payable from all excises and taxes of the state, except ad valorem taxes on real and personal property, income taxes, and fees, excises or license taxes relating to the registration, operation, or use of vehicles on the public highways, or to fuels used for propelling such vehicles, after making provision for payment of amounts pledged from such excises and taxes for payment of bonds issued under authority of Sections 2e and 2f of this Article.

CAPITAL IMPROVEMENT BONDS.

§2i In addition to the authorization otherwise contained in Article VIII of the Ohio Constitution, the General Assembly, in accordance with but subject to the limitations of this section, may authorize the issuance of obligations, including bonds and notes, of the state or of state institutions, boards, commissions, authorities, or other state agencies or instrumentalities for any one or more of the following public capital improvements: the construction, reconstruction, or other improvement of highways, including those on the state highway system and urban extensions thereof, those within or leading to public parks or recreational areas, and those within or leading to municipal corporations, the acquisition, construction, reconstruction, or other improvement of, and provision of equipment for, buildings, structures, or other improvements, and necessary planning and engineering, for water pollution

control and abatement, including those for sewage collection, treatment, or disposal, water management, including those for water distribution, collection, supply, storage, or impoundment, and stream flow control, and flood control, state supported or assisted institutions of higher education, technical education, vocational education, juvenile correction, training and rehabilitation, parks and recreation, research and development with respect to transportation, highways, and highway transportation, mental hygiene and retardation, police and fire training, airports, and other state buildings and structures, and the acquisition and improvement of real estate and interests therein required with respect to the foregoing, including participation in any such capital improvements with the federal government, municipal corporations, counties, or other governmental entities or any one or more of them which participation may be by grants, loans or contributions to them for any of such capital improvements. It is hereby determined that such capital improvements will directly or indirectly create jobs, enhance employment opportunities, and improve the economic welfare of the people of the state.

The issuance under authority of this section of obligations the holders or owners of which are given the right to have excises and taxes levied by the General Assembly for the payment of the principal thereof or interest thereon, herein called tax supported obligations, shall be subject to the following limitations. Not more than one hundred million dollars principal amount may be issued in any calendar year and not more than five hundred million dollars principal amount may be outstanding any one time for such capital improvements for highways and research and development with respect to highways and highway transportation, herein called highway obligations, provided that fifty per cent of the proceeds of the first five hundred million dollars of such tax supported highway obligations shall be used for urban extensions of state highways and highways within or leading to municipal corporations. Not more than two hundred fifty nine million dollars aggregate principal amount of such tax supported obligations may be issued for the other capital improvements aforesaid, provided that from the proceeds thereof one hundred twenty million dollars shall be used for water pollution control and abatement and water management, one hundred million dollars shall be used for higher education, technical and vocational education, and juvenile correction,

training and rehabilitation, twenty million dollars shall be used for parks and recreation, and nineteen million dollars for airports, and for construction, rehabilitation and equipping of other state buildings and structures, including those for police and fire training. If tax supported obligations are issued under authority of this section to retire tax supported obligations previously issued under authority of this section, such new obligations shall not be counted against such limits to the extent that the principal amount thereof does not exceed the principal amount of the obligations to be retired thereby.

Each issue of tax supported obligations issued pursuant to this section shall mature in not more than thirty years from the date of issuance thereof, or, if issued to retire obligations issued hereunder, within thirty years from the date such debt was originally contracted. If such tax supported obligations are issued as notes in anticipation of the issuance of bonds, provision shall be made by law for setting aside, so long as such notes are outstanding, into a special fund or funds such amounts from the sources authorized for payment of such bonds under this section as would be sufficient for payment of that amount of principal on such bonds that would have been payable during such period if such bonds, maturing during a period of thirty years, had been issued without prior issuance of such notes. Such fund or funds may be used solely for the payment of principal of such notes or of bonds in anticipation of which such notes have been issued.

The faith and credit and excises of taxes of the state, excluding ad valorem taxes on real or personal property and income taxes, shall be pledged to the payment of the principal of and the interest on such tax supported obligations, sinking or bond retirement fund provisions shall be made therefor, and this section shall otherwise be implemented, all in the manner and to the extent provided by law by the General Assembly, including provisions for appropriation of pledged excises and taxes, and covenants to continue their levy, collection and application, to continue so long as such tax supported obligations are outstanding, without necessity for further appropriation notwithstanding Section 22 of Article II, Ohio Constitution; provided that the moneys referred to in Section 5a of Article XII, Ohio Constitution herein called highway user receipts, shall, after provision for payment of amounts pledged to obligations heretofore or hereafter issued under Sections 2c and 2g of this Article, be pledged to the

payment of the principal of and interest on highway obligations authorized by this section but not to other obligations authorized hereby. If excises and taxes other than highway user receipts are pledged to the payment of the principal of or interest on highway obligations authorized by this section, in each year that such highway user receipts are available for such purpose, the same shall be appropriated thereto and the required application of such other excises and taxes shall be reduced in corresponding amount.

The General Assembly also may authorize the issuance of revenue obligations and other obligations, the owners or holders of which are not given the right to have excises or taxes levied by the General Assembly for the payment of principal thereof or interest thereon, for such capital improvements for mental hygiene and retardation, parks and recreation, state supported and state assisted institutions of higher education, including those for technical education, water pollution control and abatement, water management, and housing of branches and agencies of state government, which obligations shall not be subject to other provisions of this section and shall not be deemed to be debts or bonded indebtedness of the state under other provisions of this constitution. Such obligations may be secured by a pledge under law, without necessity for further appropriation, of all or such portion as the General Assembly authorizes of charges for the treatment or care of mental hygiene and retardation patients, receipts with respect to parks and recreational facilities, receipts of or on behalf of state supported and state assisted institutions of higher education, or other revenues or receipts, specified by law for such purpose, of the state or its officers, departments, divisions, institutions, boards, commissions, authorities, or other state agencies instrumentalities, and this provision may be implemented by law to better provide therefor; provided, however, that any charges for the treatment or care of mental hygiene or retardation patients may be so pledged only to obligations issued for capital improvements for mental hygiene and retardation, any receipts with respect to parks and recreation may be so pledged only to obligations issued for capital improvements for parks and recreation, any receipts of or on behalf of state supported or state assisted institutions of higher education may be pledged only to obligations issued for capital improvements for state supported or state assisted institutions of higher education, and any other revenues or receipts may be so pledged only to obli-

gations issued for capital improvements which are in whole or in part useful to, constructed by, or financed by the department, board, commission, authority, or other agency or instrumentality that receives the revenues or receipts so pledged. The authority provided by this paragraph is in addition to, cumulative with, and not a limitation upon, the authority of the General Assembly under other provisions of this constitution; such paragraph does not impair any law heretofore enacted by the General Assembly, and any obligations issued under any such law consistent with the provisions of this paragraph shall be deemed to be issued under authority of this paragraph.

Both the principal of all obligations authorized under authority of this section and the interest thereon shall be exempt from taxation within this state.

VIETNAM CONFLICT COMPENSATION FUND.

§2j The board of commissioners created by section 8 of Article VIII of the Ohio Constitution shall, forthwith upon the adoption of this amendment, proceed to issue and sell, from time to time, bonds or notes of the state in such amounts of face value as are necessary to provide the funds, or such part thereof, as may be required to pay the compensation and the expenses of administering this section. The aggregate face value of bonds or notes so issued shall not exceed three hundred million dollars. The full faith and credit of the state is hereby pledged for the payment of such bonds or notes.

All bonds or notes so issued shall mature in not more than fifteen years commencing not later than two years after the respective dates thereof. The bonds or notes shall mature according to schedules set forth by the commissioners but shall not mature more than fifteen years after the date of issue. No bonds or notes shall be issued or bear dates later than the first day of April, 1977.

All bonds or notes shall bear interest at such rates as the commissioners determine and shall be payable semiannually. Such bonds or notes, and the interest thereon are exempt from all taxes levied by the state or any taxing district thereof. At the option of the commissioners, the bonds or notes may be issued subject to call on any interest payment date at par and accrued interest.

All sales of such bonds or notes by the commissioners shall be in accordance with such regulations as the commission adopts and promulgates. Such bonds or notes shall be sold only to the highest bidder or bidders after notice of sale has been published once each week for three consecutive weeks on the same day of each week, the first of such notices being published at least twenty-one full days before the date of sale, in a newspaper of general circulation in each of the eight most populous counties in the state. Notices shall state the day, hour and place of the sale, the total face value of the bonds or notes to be sold, their denominations, dates, and the dates of their maturities, information relative to the rates of interest that the bonds or notes will bear, and the dates upon which interest will be payable. The commissioners may reject any or all bids and re-advertise and re-offer bonds or notes for sale.

Out of the proceeds of the sale of all bonds or notes, that amount that represents accrued interest, if any, shall be paid into the state treasury into a fund to be known as the Vietnam Conflict Compensation Bond Retirement Fund, and the balance shall be paid into the state treasury into a fund to be known as the Vietnam Conflict Compensation Fund. The General Assembly may appropriate and cause to be paid into the Vietnam Conflict Compensation Bond Retirement Fund or the Vietnam Conflict Compensation Fund, out of the funds in the treasury not otherwise appropriated, such amount as is proper for use, upon order of the commissioners for the purposes for which such funds are created. If the General Assembly appropriates any funds to the Vietnam Conflict Compensation Fund prior to the time the commissioners have issued bonds or notes of the aggregate amount of face value authorized in this section, the aggregate amount of face value of bonds or notes so authorized to be issued shall be reduced by the amount of the funds so appropriated.

On or before the first day of July in each calendar year, the commissioners shall certify to the auditor of state the total amount of funds it determines is necessary to provide, together with all other money that will be available in the Vietnam Conflict Compensation Bond Retirement Fund, for the retirement of bonds or notes and the payment of interest in the ensuing calendar year. The auditor of state shall transfer from the state general revenue fund to the Vietnam Conflict Compensation Bond Retirement Fund, without appropriation, an amount equal to the amount so certified. The Vietnam Conflict Compensation Bond Retirement Fund

shall be paid out without appropriation by the General Assembly, upon the order of the commissioners for the purpose of the payment, or retirement in other manner, of said bonds or notes and interest thereon.

The Vietnam Conflict Compensation Fund shall be paid out upon order of the commissioners, without appropriation by the General Assembly, in payment of the expenses of administering this section, and as compensation as follows: every person, except persons ordered to active duty for training only, who has served on active duty in the armed forces of the United States at any time between August 5, 1964 and July 1, 1973, or who has served on active duty in the armed forces of the United States in Vietnam service, and who, at the time of commencing such service, was and had been a resident of the state for at least one year immediately preceding the commencement of such service, and (1) who was separated from such service under honorable conditions, (2) who is still in such service, or (3) who has been retired, is entitled to receive compensation of ten dollars for each month during which such person was in active domestic service during the compensable period, fifteen dollars for each month during which such person was in active foreign service, but not Vietnam service, during the compensable period, and twenty dollars for each month during which such person was in active Vietnam service. The maximum amount of cash payable to any qualified applicant, unless such applicant qualifies for a payment based upon missing in action or prisoner of war status or unless such applicant qualifies for a survivor's payment, is five hundred dollars. No compensation shall be paid under this section to any person who received from another state a bonus or compensation of a like nature or to any person who has not served on active duty in the armed forces of the United States during the compensable period for at least ninety days unless active duty within such compensable period was terminated as a result of injuries or illness sustained in Vietnam service. Compensation for a fraction of a month of service shall be paid on the basis of one-thirtieth of the appropriate monthly amounts for each day of such service. Persons medically discharged or medically retired from service due to combat related disabilities sustained in Vietnam service shall be paid five hundred dollars. Service in the Merchant Marine of the United States shall not be considered for the purpose of this section. As used in this section "domestic service" means service within the territorial limits of

the fifty states, excluding sea duty; "foreign service" means service in all other places, excluding Vietnam service; and "Vietnam service" means military service within the Republic of Vietnam during the period between February 28, 1961 through July 1, 1973 or military service in southeast Asia for which hostile fire pay was awarded pursuant to Title 37, Section 310, United States Code, during the period February 28, 1961 through July 1, 1973.

Either the surviving spouse, or the surviving child or children, or the surviving parents, including persons standing in loco parentis for one year preceding commencement of service in the armed forces of the United States, of a deceased person shall be paid the same amount of compensation that the deceased would have been entitled to receive under this section, if living. If such deceased person's death is determined by the Veterans Administration of the United States to have been the result of injuries or illness sustained in Vietnam service his survivors as herein designated, are entitled to one thousand dollars, regardless of the amount of compensation which the deceased would have been entitled to receive under this section, if living. The amount of compensation payable to such survivors shall be payable only to one of the three groups of survivors herein designated in the order in which said groups are named.

Every person designated by the United States Department of Defense as missing in action as a result of honorable service or as held in enemy captivity or who is the spouse, or the child, or the parent, including persons standing in loco parentis for one year preceding commencement of service, of a person designated by the Department of Defense as missing in action as a result of honorable service or held in enemy captivity, is entitled to one thousand dollars in lieu of other cash benefits payable under this section. The amount of compensation payable to such claimants for such missing or captive person shall be payable only to one of the groups of claimants herein designated in the order in which said groups are named. The General Assembly shall provide by law for an educational assistance bonus which may be taken in lieu of the cash bonus by any person who served on active duty in the armed forces of the United States and who qualifies for a cash bonus under this section. The educational assistance bonus shall offer financial assistance at any educational institution deemed appropriate by the General Assembly. Such financial assistance shall be equal to twice the amount of the cash bonus for which such person qualifies under this section.

No sale or assignment of any right or claim to compensation under this section shall be valid, no claims of creditors shall be enforceable against rights or claims to or payments of compensation under this section, and no fees shall be charged for services in connection with the prosecution of any right or claim to compensation or the collection of any compensation under this section.

The commissioners shall have complete charge of making payments of the compensation provided for in this section and shall adopt and promulgate regulations governing their procedure in connection therewith, including determinations as to who are proper beneficiaries and the amounts to which such beneficiaries are entitled, determinations as to whether an applicant has the necessary residence requirements, and such other regulations that are necessary and proper. All applications for payment of compensation or educational bonuses under this section shall be made to the commissioners before January 1, 1978.

The commissioners shall select and appoint such legal counsel and employees as are necessary, fix their compensation and prescribe their duties, and all such appointees shall serve at its pleasure. When practical, the commissioners shall employ Vietnam veterans to fill such positions.

The commissioners shall permit review of individual records of claims by representatives of recognized veterans organizations when authorized to do so by the applicant.

There is hereby transferred to the Vietnam Conflict Compensation Fund, for the purpose of defraying the immediate cost of administration and compensation, out of the funds known as the "Korean Conflict Com-

The people of this state declare it to be their intention to in no manner affect or change any of the existing provisions of the constitution except as herein set forth. The provisions of this section shall be self executing. As used in this section public infrastructure capital improvements shall be limited to roads and bridges, waste water treatment systems, water supply systems, solid waste disposal facilities and storm water and sanitary collection, storage, and treatment facilities, including real property, interests in real property, facilities, and equipment related or incidental thereto. (B)(1) Not more than one hundred twenty million dollars principal amount of bonds and other obligations authorized under this section may be issued in any calendar year, provided that the aggregate total principal amount of bonds and other obligations authorized and issued under this section may not exceed one billion two hundred million dollars. Further limitations may be provided by law upon the amount of bonds that may be issued under this section in any year in order that the total debt charges of the state shall not exceed a proportion of general revenue fund expenditures that would adversely affect the credit rating of the state. If obligations are issued under this section to retire or refund obligations previously issued under this section, the new obligations shall not be counted against those calendar year or total issuance limitations to the extent that their principal amount does not exceed the principal amount of the obligations to be retired or refunded.

(2) Provision shall be made by law for the use to the extent practicable of Ohio products, materials, services, and labor in the making of any project financed, in whole or in part, under this section.

(C) The state may participate in any public infrastructure capital improvement under this section with municipal corporations, counties, townships, or other governmental entities, or any one or more of them. Such participation may be by grants, loans, or contributions to them for any of such capital improvements. The entire proceeds of the bonds shall be used for the public infrastructure capital improvements of municipal corporations, counties, townships, and other governmental entities, except to the extent that the General Assembly provides by law that the state may be reasonably compensated from such moneys for planning, financial management, or other administrative services performed in relation to the bond issuance.

(D)(1) Each issue of obligations issued under this section shall mature in not more than thirty years from the date of issuance, or, if issued to retire or refund other obligations issued under this section, within thirty years from the date the debt was originally contracted.

If obligations are issued as notes in anticipation of the issuance of bonds, provision shall be made by law for the establishment and maintenance, during the period in which the notes are outstanding, of a special fund or funds in to which shall be paid, from the sources authorized for the payment of such bonds, the amount that would have been sufficient, if bonds maturing during a period of thirty years had been issued without such prior issuance of notes, to pay the principal that would have been payable on such bonds during such period. Such fund or funds shall be used solely for the payment of principal of such notes or of bonds in anticipation of which such notes have been issued.

(2) The obligations issued under this section are general obligations of the state. The full faith and credit, revenue, and taxing power of the state shall be pledged to the payment of the principal of and interest on such obligations as they become due hereinafter called debt service, and bond retirement fund provisions shall be made for payment of debt service. Provision shall be made by law for the sufficiency and appropriation, for purposes of paying debt service, of excises, taxes, and revenues so pledged to debt service, and for covenants to continue the levy, collection and application of sufficient excises, taxes, and revenues to the extent needed for such purpose. Notwithstanding Section 22 of Article II, Ohio Constitution, no further act of appropriation shall be necessary for that purpose. The obligations and the provision for the payment of debt service and repayment of any loans hereunder by governmental entities are not subject to Sections 5, 6, and 11 of Article XII Ohio Constitution.

(3) The moneys referred to in Section 5a of Article XII, Ohio Constitution, may not be pledged to the payment of debt service on obligations issued under authority of this section.

(4) The obligations issued under authority of this section, the transfer thereof, and the interest and other income therefrom, including any profit made on the sale thereof, shall at all times be free from taxation within the state.

(E) This section shall otherwise be implemented in the manner and to the extent provided by law by the General Assembly.

PARKS, RECREATION, AND NATURAL RESOURCES PROJECT CAPITAL IMPROVEMENTS.

§21 (A) In addition to the authorizations otherwise contained in Article VIII of the Ohio Constitution, the General Assembly shall provide by law, in accordance with and subject to the limitations of this section, for the issuance of bonds and other obligations of the state for the purpose of financing or assisting in the financing of the costs of capital improvements for state and local parks and land and water recreation facilities; soil and water restoration and protection, land management including preservation of natural areas and reforestation; water management including dam safety, stream and lake management, and flood control and flood damage reduction, fish and wildlife resource management; and other projects that enhance the use and enjoyment of natural resources by individuals. Capital improvements include without limitation the cost of acquisition, construction, reconstruction, expansion, improvement, planning, and equipping.

It is hereby determined that these capital improvements and provisions for them are necessary and appropriate to improve the quality of life of the people of this state, to better ensure the public health, safety, and welfare, and to create and preserve jobs and enhance employment opportunities.

(B)(1) Not more than fifty million dollars principal amount of obligations may be issued under this section in any fiscal year, and not more than two hundred million dollars principal amount may be outstanding at any one time. The limitations of this paragraph do not apply to any obligations authorized to be issued under this section to retire or refund obligations previously issued under this section, to the extent that their principal amount does not exceed the principal amount of the obligations to be retired or refunded.

(2) Each issue of obligations shall mature in not more than twenty-five years from the date of issuance, or, if issued to retire or refund other obligations issued under this section, within twenty-five years from the date the debt was originally contracted. If obligations are issued as bond anticipation notes, provision shall be made, by law or in the proceedings for the issuance of those notes, for the establishment and maintenance while the notes are outstanding of a special fund or funds into which there shall be paid, from the sources authorized for the payment of the bonds, the amount that would have been sufficient, if bonds maturing se-

rially in each year over a period of twenty-five years had been issued without the prior issuance of the notes, to pay the principal that would have been payable on those bonds during that period; such fund or funds shall be used solely for the payment of principal of those notes or of the bonds anticipated.

(C) The state may participate by grants or contributions in financing capital improvements under this section made by local government entities. Of the proceeds of the first two hundred million dollars principal amount in obligations issued under this section for capital improvements, at least twenty per cent shall be allocated to grants or contributions to local government entities for such capital improvements.

(D) The obligations issued under this section are general obligations of the state. The full faith and credit, revenue, and taxing power of the state shall be pledged to the payment of the principal of and interest and other accreted amounts on those obligations as they become due, and bond retirement fund provisions shall be made for payment of that debt service. Provision shall be made by law for the sufficiency and appropriation for purposes of paying that debt service, of excises, taxes, and revenues so pledged to that debt service, and for covenants to continue the levy, collection, and application of sufficient excises, taxes, and revenues to the extent needed for that purpose. Notwithstanding Section 22 of Article II, Ohio Constitution, no further act of appropriation shall be necessary for that purpose. The moneys referred to in Section 5a of Article XII, Ohio Constitution, may not be pledged to the payment of that debt service. The obligations and the provisions for the payment of debt service on them are not subject to Sections 5, 6, and 11 of Article XII Ohio Constitution, and, with respect to the purposes to which their proceeds are to be applied, are not subject to Sections 4 and 6 of Article VIII, Ohio Constitution.

(E) Obligations issued under authority of this section, the transfer thereof, and the interest and other income and accreted amounts therefrom including any profit made on the sale thereof, shall at all times be free from taxation within the state.

(F) This section shall be implemented in the manner and to the extent provided by law by the General Assembly.

ISSUANCE OF GENERAL OBLIGATIONS.

§2m (A) In addition to the authorizations otherwise contained in Article VIII of the Ohio Constitution, the general assembly may provide by law, in accordance with but subject to the limitations of this section, for the issuance of bonds and other obligations of the state for the purpose of financing or assisting in the financing of the cost of public infrastructure capital improvements of municipal corporations, counties, townships, and other governmental entities as designated by law, and the cost of highway capital improvements. As used in this section, public infrastructure capital improvements shall be limited to roads and bridges, waste water treatment systems, water supply systems, solid waste disposal facilities, and storm water and sanitary collection, storage, and treatment facilities, including real property, interests in real property, facilities, and equipment related to or incidental thereto, and shall include without limitation the cost of acquisition, construction, reconstruction, expansion, improvement, planning, and equipping. As used in this section, highway capital improvements shall be limited to highways, including those on the state highway system and urban extensions thereof, those within or leading to public parks or recreation areas, and those within or leading to municipal corporations, and shall include without limitation the cost of acquisition, construction, reconstruction, expansion, improvement, planning, and equipping.

It is hereby determined that such public infrastructure capital improvements and highway capital improvements are necessary to preserve and expand the public capital infrastructure of the state and its municipal corporations, counties, townships, and other governmental entities, ensure the public health, safety, and welfare, create and preserve jobs, enhance employment opportunities, and improve the economic welfare of the people of this state.

(B) Not more than one hundred twenty million dollars principal amount of the infrastructure obligations authorized to be issued under this section, plus the principal amount of infrastructure obligations that in any prior fiscal years could have been but were not issued within the one-hundred-twenty-million-dollar fiscal year limit, may be issued in any fiscal year, provided that the aggregate total principal amount of infrastructure obligations issued under this section for public infrastructure capital improvements may not exceed one billion two hundred million dollars; and provided fur-

ther that no infrastructure obligations shall be issued pursuant to this section until at least one billion one hundred ninety-nine million five hundred thousand dollars aggregate principal amount of obligations have been issued pursuant to section 2k of Article VIII. Not more than two hundred twenty million dollars principal amount of highway obligations authorized to be issued under this section, plus the principal amount of highway obligations that in any prior fiscal years could have been but were not issued within the two-hundred-twenty-million-dollar fiscal year limit, may be issued in any fiscal year, and not more than one billion two hundred million dollars principal amount of highway obligations issued under this section may be outstanding at any one time. Further limitations may be provided by law upon the amount of infrastructure obligations and highway obligations, hereinafter collectively called obligations, that may be issued under this section in any fiscal year in order that the total debt charges of the state payable from the general revenue fund shall not exceed a proportion of general revenue fund expenditures that would adversely affect the credit rating of the state. If obligations are issued under this section to retire or refund obligations previously issued under this section, the new obligations shall not be counted against those fiscal year or total issuance limitations to the extent that their principal amount does not exceed the principal amount of the obligations to be retired or refunded.

Provision shall be made by law for the use to the extent practicable of Ohio products, materials, services, and labor in the making of any project financed, in whole or in part, under this section.

(C) The state may participate in any public infrastructure capital improvement or highway capital improvement under this section with municipal corporations, counties, townships, or other governmental entities as designated by law, or any one or more of them. Such participation may be by grants, loans, or contributions to them for any such capital improvements. The entire proceeds of the infrastructure obligations shall be used for public infrastructure capital improvements of municipal corporations, counties, townships, and other governmental entities, except to the extent that the general assembly provides by law that the state may reasonably be compensated from such moneys for planning, financial management, or administrative services performed in relation to the issuance of infrastructure obligations.

ARTICLE VIII: PUBLIC DEBT AND PUBLIC WORKS

(D) Each issue of obligations shall mature in not more than thirty years from the date of issuance, or, if issued to retire or refund other obligations, within thirty years from the date the debt originally was contracted. If obligations are issued as notes in anticipation of the issuance of bonds, provision shall be made by law for the establishment and maintenance, during the period in which the notes are outstanding, of a special fund or funds into which shall be paid, from the sources authorized for the payment of such bonds, the amount that would have been sufficient, if bonds maturing during a period of thirty years had been issued without such prior issuance of notes, to pay the principal that would have been payable on such bonds during such period. Such fund or funds shall be used solely for the payment of principal of such notes or bonds in anticipation of which such notes have been issued.

The obligations are general obligations of the state. The full faith and credit, revenue, and taxing power of the state shall be pledged to the payment of the principal of and premium and interest and other accreted amounts on outstanding obligations as they become due, hereinafter called debt service, and bond retirement fund provisions shall be made for payment of debt service. Provision shall be made by law for the sufficiency and appropriation, for purposes of paying debt service, of excises, taxes, and revenues so pledged to debt service, and for covenants to continue the levy, collection, and application of sufficient excises, taxes, and revenues to the extent needed for such purpose. Notwithstanding Section 22 of Article II, Ohio Constitution, no further act of appropriation shall be necessary for that purpose. The obligations and the provision for the payment of debt service, and repayment by governmental entities of any loans made under this section are not subject to Sections 5, 6, and 11 of Article XII, Ohio Constitution.

The moneys referred to in Section 5a of Article XII, Ohio Constitution may be pledged to the payment of debt service on highway obligations, but may not be pledged to the payment of debt service on infrastructure obligations. In each year that moneys referred to in Section 5a of Article XII, Ohio Constitution pledged to the payment of debt service on highway obligations issued under this section are available for such purpose, such moneys shall be appropriated thereto and the required application of any other excises and taxes shall be reduced in corresponding amount.

The obligations issued under authority of this section, the transfer thereof, and the interest, interest equivalent, and other income and accreted amounts therefrom, including any profit made on the sale, exchange, or other disposition thereof, shall at all times be free from taxation within the state.

(E) This section shall otherwise be implemented in the manner and to the extent provided by law by the general assembly, including provision for the procedure for incurring and issuing obligations, separately or in combination with other state obligations, and refunding, retiring, and evidencing obligations.

(F) The authorizations in this section are in addition to authorizations contained in other sections of Article VIII, Ohio Constitution, are in addition to and not a limitation upon the authority of the general assembly under other provisions of this constitution, and do not impair any law previously enacted by the general assembly, except that after December 31, 1996, no additional highway obligations of the state may be issued for any highway purposes under Section 2i of Article VIII, Ohio Constitution, except to refund highway obligations issued under section 2i that are outstanding on that date.

FACILITIES FOR SYSTEM OF COMMON SCHOOLS AND FACILITIES FOR STATE-SUPPORTED AND STATE-ASSISTED INSTITUTIONS OF HIGHER EDUCATION.

§2n (A) The General Assembly may provide by law, subject to the limitations of and in accordance with this section, for the issuance of bonds and other obligations of the state for the purpose of paying costs of facilities for a system of common schools throughout the state and facilities for state-supported and state-assisted institutions of higher education. As used in this section, "costs" includes, without limitation, the costs of acquisition, construction, improvement, expansion, planning, and equipping.

(B) Each obligation issued under this section shall mature no later than the thirty-first day of December of the twenty-fifth calendar year after its issuance except that obligations issued to refund other obligations shall mature not later than the thirty-first day of December of the twenty-fifth calendar year after the year in which the original obligation to pay was issued or entered into.

ARTICLE VIII: PUBLIC DEBT AND PUBLIC WORKS

(C) Obligations issued under this section are general obligations of the state. The full faith and credit, revenue, and taxing power of the state shall be pledged to the payment of debt service on those outstanding obligations as it becomes due. For purposes of the full and timely payment of that debt service, appropriate provisions shall be made or authorized by law for bond retirement funds, for the sufficiency and appropriation of excises, taxes, and revenues so pledged to that debt service, for which purpose, notwithstanding Section 22 of Article II of the Ohio Constitution, no further act of appropriation shall be necessary, and for covenants to continue the levy, collection, and application of sufficient excises, taxes, and revenues to the extent needed for that purpose. Those obligations and the provisions for the payment of debt service on them are not subject to Sections 5, 6, and 11 of Article XII of the Ohio Constitution. Moneys referred to in Section 5a of Article XII of the Ohio Constitution may not be pledged or used for the payment of the debt service on those obligations. Moneys consisting of net state lottery proceeds may be pledged or used for payment of debt service on obligations issued under this section to pay costs of facilities for a system of common schools, but not on obligations issued under this section to pay costs of facilities for state-supported and state-assisted institutions of higher education.

In the case of the issuance of any of those obligations as bond anticipation notes, provision shall be made by law or in the bond or note proceedings for the establishment and the maintenance, during the period the notes are outstanding, of special funds into which there shall be paid, from the sources authorized for payment of the bonds anticipated, the amount that would have been sufficient to pay the principal that would have been payable on those bonds during that period if bonds maturing serially in each year over the maximum period of maturity referred to in division (B) of this section had been issued without the prior issuance of the notes. Those special funds and investment income on them shall be used solely for the payment of principal of those notes or of the bonds anticipated.

(D) As used in this section, “debt service” means principal and interest and other accreted amounts payable on the obligations referred to.

(E) Obligations issued under this section, their transfer, and the interest, interest equivalent, and other income or accreted amounts on them, including any

profit made on their sale, exchange, or other disposition, shall at all times be free from taxation within the state.

(F) This section shall be implemented in the manner and to the extent provided by the General Assembly by law, including provision for the procedure for incurring, refunding, retiring, and evidencing obligations issued as referred to in this section. The total principal amount of obligations issued under this section shall be as determined by the General Assembly, subject to the limitation provided for in Section 17 of this article.

(G) The authorizations in this section are in addition to authorizations contained in other sections of this article, are in addition to and not a limitation upon the authority of the General Assembly under other provisions of this Constitution, and do not impair any law previously enacted by the General Assembly.

(B) The General Assembly may provide by law, subject to the limitations of and in accordance with this section, for the issuance of bonds and other obligations of the state for the purpose of paying costs of projects implementing those purposes.

(1) Not more than two hundred million dollars principal amount of obligations issued under this section for conservation purposes may be outstanding in accordance with their terms at any one time. Those obligations shall not be general obligations of the state and the full faith and credit, revenue, and taxing power of the state shall not be pledged to the payment of debt

service on them. Those obligations shall be secured by a pledge of all or such portion of designated revenues and receipts of the state as the General Assembly authorizes, including receipts from designated taxes or excises, other state revenues from sources other than state taxes or excises, such as from state enterprise activities, and payments for or related to those revitalization purposes made by or on behalf of local governmental entities, responsible parties, or others. The General Assembly shall provide by law for prohibitions or restrictions on the granting or lending of proceeds of obligations issued under division (B)(2) of this section to parties to pay costs of cleanup or remediation of contamination for which they are determined to be responsible.

(C) For purposes of the full and timely payment of debt service on state obligations authorized by this section, appropriate provision shall be made or authorized by law for bond retirement funds, for the sufficiency and appropriation of state excises, taxes, and revenues pledged to the debt service on the respective obligations, for which purpose, notwithstanding Section 22 of Article II of the Ohio Constitution, no further act of appropriation shall be necessary, and for covenants to continue the levy, collection, and application of sufficient state excises, taxes, and revenues to the extent needed for those purposes. Moneys referred to in Section 5a of Article XII of the Ohio Constitution may not be pledged or used for the payment of debt service on those obligations.

Those special funds and investment income on them shall be used solely for the payment of principal of those notes or of the bonds anticipated.

(E) In addition to projects undertaken by the state, the state may participate or assist, by grants, loans, loan guarantees, or contributions, in the financing of projects for purposes referred to in this section that are undertaken by local governmental entities or by others, including, but not limited to, not-for-profit organizations, at the direction or authorization of local governmental entities. Obligations of the state issued under this section and the provisions for payment of debt service on them, including any payments by local governmental entities, are not subject to Sections 6 and 11 of Article XII of the Ohio Constitution. Those obligations, and obligations of local governmental entities issued for the public purposes referred to in this section, and provisions for payment of debt service on them, and the purposes and uses to which the proceeds of those state or local obligations, or moneys from other sources, are to be or may be applied, are not subject to Sections 4 and 6 of Article VIII of the Ohio Constitution.

(2) Research and development in support of Ohio industry, commerce, and business (hereinafter referred to as “research and development purposes”), which shall include, without limitation, research and product innovation, development, and commercialization through efforts by and collaboration among Ohio business and industry, state and local public entities and agencies, public and private education institutions, or research organizations and institutions, all as may be further provided for by state or local law, but excluding purposes provided for in Section 15 of Article VIII, Ohio Constitution; and

(3) Development of sites and facilities in Ohio for and in support of industry, commerce, distribution, and research and development purposes.

tion, for the issuance of general obligation bonds and other obligations of the state for the purpose of financing or assisting in the financing of the cost of projects implementing those purposes.

(1) Not more than one billion three hundred fifty million dollars principal amount of state general obligations may be issued under this section for public infrastructure capital improvements. Not more than one hundred twenty million dollars principal amount of those obligations may be issued in each of the first five fiscal years of issuance and not more than one hundred fifty million dollars principal amount of those obligations may be issued in each of the next five fiscal years of issuance, plus in each case the principal amount of those obligations that in any prior fiscal year could have been but were not issued within those fiscal year limits. No infrastructure obligations may be issued pursuant to this division and division (C) of this section until at least one billion one hundred ninety-nine million five hundred thousand dollars aggregate principal amount of state infrastructure obligations have been issued pursuant to Section 2m of Article VIII, Ohio Constitution.

(2) Not more than five hundred million dollars principal amount of state general obligations may be issued under this section for research and development purposes. Not more than one hundred million dollars principal amount of those obligations may be issued in each of the first three-fiscal years of issuance, and not more than fifty million dollars principal amount of those obligations may be issued in any other fiscal year, plus in each case the principal amount of those obligations that in any prior fiscal year could have been but were not issued.

(3) Not more than one hundred fifty million dollars principal amount of state general obligations may be issued under this section for development of sites and facilities for industry, commerce, distribution, and research and development purposes. Not more than thirty million dollars principal amount of those obligations may be issued in each of the first three fiscal years of issuance, and not more than fifteen million dollars principal amount of those obligations may be issued in any other fiscal year, plus in each case the principal amount of those obligations that in any prior fiscal year could have been but were not issued.

(C) Each issue of state general obligations for public infrastructure capital improvements or development of

sites and facilities shall mature in not more than thirty years from the date of issuance, and each issue of state general obligations for research and development purposes shall mature in not more than twenty years from the date of issuance; or, if issued to retire or refund other obligations, within that number of years from the date the debt being retired or refunded was originally issued. If state general obligations are issued as notes in anticipation of the issuance of bonds, provision shall be made by law for the establishment and maintenance, during the period in which the notes are outstanding, of a special fund or funds into which shall be paid, from the sources authorized for the payment of such bonds, the amount that would have been sufficient, if bonds maturing during the permitted period of years had been issued without such prior issuance of notes, to pay the principal that would have been payable on such bonds during such period. Such fund or funds shall be used solely for the payment of principal of such notes or bonds in anticipation of which such notes have been issued. Notwithstanding anything to the contrary in Section 2k or 2m of Article VIII, obligations issued under this section or Section 2k or 2m to retire or refund obligations previously issued under this section or Section 2k or 2m shall not be counted against the fiscal year or total issuance limitations provided in this section or Section 2k or 2m, as applicable.

The obligations issued under this division and division (B) of this section are general obligations of the state. The full faith and credit, revenue, and taxing power of the state shall be pledged to the payment of the principal of and premium and interest and other accreted amounts on outstanding obligations as they become due (hereinafter called debt service), and bond retirement fund provisions shall be made for payment of that debt service. Provision shall be made by law for the sufficiency and appropriation, for purposes of paying debt service, of excises, taxes, and revenues so pledged or committed to debt service, and for covenants to continue the levy, collection, and application of sufficient excises, taxes, and revenues to the extent needed for that purpose. Notwithstanding Section 22 of Article II, Ohio Constitution, no further act of appropriation shall be necessary for that purpose. The obligations and the provision for the payment of debt service, and repayment by governmental entities of any loans made under this section, are not subject to Sections 5, 6, and 11 of Article XII, Ohio Constitu-

tion. Moneys referred to in Section 5a of Article XII, Ohio Constitution may not be pledged or used for the payment of that debt service. Debt service on obligations issued for research and development purposes and for development of sites and facilities shall not be included in the calculation of total debt service for purposes of division (A) of Section 17 of Article VIII, Ohio Constitution.

(D) (1) The state may participate in any public infrastructure capital improvement under this section with municipal corporations, counties, townships, or other governmental entities as designated by law, or any one or more of them. Such participation may be by grants, loans, or contributions to them for any such capital improvements. The entire proceeds of the infrastructure obligations shall be used for public infrastructure capital improvements of municipal corporations, counties, townships, and other governmental entities, except to the extent that the General Assembly provides by law that the state may reasonably be compensated from such moneys for planning, financial management, or administrative services performed in relation to the issuance of infrastructure obligations.

(2) Implementation of the research and development purposes includes supporting any and all related matters and activities, including: attracting researchers and research teams by endowing research chairs or otherwise; activities to develop and commercialize products and processes; intellectual property matters such as copyrights and patents; property interests, including time sharing arrangements; and financial rights and matters such as royalties, licensing, and other financial gain or sharing resulting from research and development purposes. State and local public moneys, including the proceeds of bonds, notes, and other obligations, may be used to pay costs of or in support of or related to these research and development purposes, including, without limitation, capital formation, direct operating costs, costs of research and facilities, including interests in real property therefor, and support for public and private institutions of higher education, research organizations or institutions, and private sector entities. The exercise of these powers by the state and state agencies, including state-supported and state-assisted institutions of higher education, and local public entities and agencies, may be jointly or in coordination with each other, with researchers or research organizations and institutions, with private institutions of higher education, with individuals, or with private

sector entities. State and local public participation may be in such manner as the entity or agency determines, including by any one or a combination of grants, loans including loans to lenders or the purchase of loans, subsidies, contributions, advances, or guarantees, or by direct investments of or payment or reimbursement from available moneys, or by providing staffing or other support, including computer or other technology capacity, or equipment or facilities, including interests in real property therefor, and either alone or jointly, in collaborative or cooperative ventures, with other public agencies and private sector entities including not for profit entities. In addition to other state-level monetary participation as referred to in this section or otherwise, state-supported and state-assisted institutions of higher education may, as authorized from time to time by the General Assembly, issue obligations to pay costs of participating in and implementing research and development purposes. In addition to the other obligations authorized in or pursuant to this section, the General Assembly also may authorize the state and state agencies and local public entities and agencies, and corporations not for profit designated by any of them as such agencies or instrumentalities, to issue obligations to borrow and loan or otherwise provide moneys for research and development purposes, including, but not limited to, obligations for which moneys raised by taxation shall not be obligated or pledged for the payment of debt service and which are therefore not subject to Sections 5, 6, and 11 of Article XII, Ohio Constitution.

(3) Development of sites and facilities for and in support of industry, commerce, distribution, and research and development purposes includes acquisition of real estate and interests in real estate, site preparation including any necessary remediation and cleanup, constructing and improving facilities, and providing public infrastructure capital improvements and other transportation and communications infrastructure improvements for and in support of the use of those sites and facilities for those purposes. State and local public moneys, including the proceeds of bonds, notes, and other obligations, may be used to pay costs of those purposes. The exercise of these powers by the state and state agencies and local public entities and agencies, may be jointly or in coordination with each other, and with individuals or private sector business entities. State and local public participation may be in such manner as the entity or agency determines, in-

cluding by any one or a combination of grants, loans including loans to lenders or the purchase of loans, subsidies, contributions, advances, or guarantees, or by direct investments of or payment or reimbursement from available moneys. In addition to other state-level monetary participation as referred to in this section or otherwise, state-supported and state-assisted institutions of higher education, and local public entities and agencies may, as authorized from time to time by the General Assembly, issue obligations to pay costs of participating in and implementing the development of sites and facilities.

(E) Obligations issued under authority of this section for research and development purposes and site and facility development purposes, provisions for the payment of debt service on them, the purposes and uses to which and the manner in which the proceeds of those obligations or moneys from other sources are to or may be applied, and other implementation of those development purposes as referred to in this section, are not subject to Sections 4 and 6 of Article VIII, Ohio Constitution. Obligations issued under authority of this section, the transfer thereof, and the interest, interest equivalent, and other income and accreted amounts therefrom, including any profit made on the sale, exchange, or other disposition thereof, shall at all times be free from taxation within the state.

(F) This section shall otherwise be implemented in the manner and to the extent provided by law by the General Assembly, including provision for the procedure for incurring and issuing obligations, separately or in combination with other obligations, and refunding, retiring, and evidencing obligations; provision for ensuring the accountability of all state funding provided for the development purposes referred to in division (A) of this section; provision for restricting or limiting the taking of private property under Section 19 of Article I for disposition to private sector entities for the purposes identified in divisions (A)(2) and (3) of this section or restricting the disposition of that property to private sector entities or individuals; and provision for the implementation of the development purposes referred to in division (A) of this section to benefit people and businesses otherwise qualified for receipt of funding for the development purposes referred to in division (A) of this section, including economically disadvantaged businesses and individuals in all areas of this state, including by the use to the extent practicable of Ohio products, materials, services, and labor.

(G) The powers and authority granted or confirmed by and under, and the determinations in, this section are independent of, in addition to, and not in derogation of or a limitation on, powers, authority, determinations, or confirmations under laws or under other provisions of the Ohio Constitution including, without limitation, Section 7 of Article 1, Section 5 of Article VI, Sections 2i, 2n, 2o, 13, and 15 of Article VIII, Article X, and Section 3 of Article XVIII, and do not impair any previously adopted provisions of the Ohio Constitution or any law previously enacted by the General Assembly or by a local public agency.

ARTICLE VIII: PUBLIC DEBT AND PUBLIC WORKS

(2) Revitalization purposes, meaning providing for and enabling the environmentally safe and productive development and use or reuse of publicly and privately owned lands, including those within urban areas, by the remediation or clean up, or planning and assessment for remediation or clean up, of contamination, or addressing, by clearance, land acquisition or assembly, infrastructure, or otherwise, that or other property conditions or circumstances that may be deleterious to the public health and safety and the environment and water and other natural resources, or that preclude or inhibit environmentally sound or economic use or reuse of the property.

(B) The General Assembly may provide by law, subject to the limitations of and in accordance with this section, for the issuance of bonds and other obligations of the state for the purpose of paying costs of projects implementing those purposes.

(1) Not more than two hundred million dollars principal amount of obligations issued under this section for conservation purposes may be outstanding in accordance with their terms at any one time. Not more than fifty million dollars principal amount of those obligations, plus the principal amount of those obligations that in any prior fiscal year could have been but were not issued within the fifty-million-dollar fiscal year limit, may be issued in any fiscal year. Those obligations shall be general obligations of the state and the full faith and credit, revenue, and taxing power of the state shall be pledged to the payment of debt service on them as it becomes due, all as provided in this section.

(2) Not more than two hundred million dollars principal amount of obligations issued under this section for revitalization purposes may be outstanding in accordance with their terms at any one time. Not more than fifty million dollars principal amount of those obligations, plus the principal amount of those obligations that in any prior fiscal year could have been but were not issued within the fifty-million-dollar fiscal year limit, may be issued in any fiscal year. Those obligations shall not be general obligations of the state and the full faith and credit, revenue, and taxing power of the state shall not be pledged to the payment of debt service on them. Those obligations shall be secured by a pledge of all or such portion of designated revenues

and receipts of the state as the General Assembly authorizes, including receipts from designated taxes or excises, other state revenues from sources other than state taxes or excises, such as from state enterprise activities, and payments for or related to those revitalization purposes made by or on behalf of local governmental entities, responsible parties, or others. The general assembly shall provide by law for prohibitions or restrictions on the granting or lending of proceeds of obligations issued under division (B) (2) of this section to parties to pay costs of cleanup or remediation of contamination for which they are determined to be responsible.

(C) For purposes of the full and timely payment of debt service on state obligations authorized by this section, appropriate provision shall be made or authorized by law for bond retirement funds, for the sufficiency and appropriation of state excises, taxes, and revenues pledged to the debt service on the respective obligations, for which purpose, notwithstanding Section 22 of Article II of the Ohio Constitution, no further act of appropriation shall be necessary, and for covenants to continue the levy, collection, and application of sufficient state excises, taxes, and revenues to the extent needed for those purposes. Moneys referred to in Section 5a of Article XII of the Ohio Constitution may not be pledged or used for the payment of debt service on those obligations.

As used in this section, "debt service" means principal and interest and other accreted amounts payable on the obligations referred to.

(D)(1) Divisions (B) and (C) of this section shall be implemented in the manner and to the extent provided by the General Assembly by law, including provision for procedures for incurring, refunding, retiring, and evidencing state obligations issued pursuant to this section. Each state obligation issued pursuant to this section shall mature no later than the thirty-first day of December of the twenty-fifth calendar year after its issuance, except that obligations issued to refund or retire other obligations shall mature not later than the thirty-first day of December of the twenty-fifth calendar year after the year in which the original obligation to pay was issued or entered into.

(2) In the case of the issuance of state obligations under this section as bond anticipation notes,

ARTICLE VIII: PUBLIC DEBT AND PUBLIC WORKS

provision shall be made by law or in the bond or note proceedings for the establishment, and the maintenance during the period the notes are outstanding, of special funds into which there shall be paid, from the sources authorized for payment of the particular bonds anticipated, the amount that would have been sufficient to pay the principal that would have been payable on those bonds during that period if bonds maturing serially in each year over the maximum period of maturity referred to in division (D)(1) of this section had been issued without the prior issuance of the notes. Those special funds and investment income on them shall be used solely for the payment of principal of those notes or of the bonds anticipated.

(E) In addition to projects undertaken by the state, the state may participate or assist, by grants, loans, loan guarantees, or contributions, in the financing of projects for purposes referred to in this section that are undertaken by local governmental entities or by others, including, but not limited to, not-for-profit organizations, at the direction or authorization of local governmental entities. Obligations of the state issued under this section and the provisions for payment of debt service on them, including any payments by local governmental entities, are not subject to Sections 6 and 11 of Article XII of the Ohio Constitution. Those obligations, and obligations of local governmental entities issued for the public purposes referred to in this section, and provisions for payment of debt service on them, and the purposes and uses to which the proceeds of those state or local obligations, or moneys from other sources, are to be or may be applied, are not subject to Sections 4 and 6 of Article VIII of the Ohio Constitution.

(F) The powers and authority granted or confirmed by and under this section, and the determinations and confirmations in this section, are independent of, in addition to, and not in derogation of a limitation on, powers, authority, determinations, or confirmations under laws, charters, ordinances, or resolutions, or by or under other provisions of the Ohio Constitution including, without limitation, Section 36 of Article II, Sections 2i, 2l, 2m, 2o, and 13 of Article VIII, and Articles X and XVIII, and do not impair any previously adopted provision of the Ohio Constitution or any law previously enacted by the General Assembly.

§17 (A) Direct obligations of the state may not be issued under this article if the amount required to be applied or set aside in any future fiscal year for payment of debt service on direct obligations of the state to be outstanding in accordance with their terms during such future fiscal year would exceed five per cent of the total estimated revenues of the state for the General Revenue Fund and from net state lottery proceeds during the fiscal year in which the particular obligations are to be issued. As used in this division, "debt service" includes the debt service on the bonds to be issued under this article that are direct obligations of the state plus, if the obligations to be issued are bond anticipation notes, the debt service on the bonds anticipated, plus the debt service on all other outstanding bonds that are direct obligations of the state, to the extent that debt service on all those bonds and bonds anticipated is to be paid from the General Revenue Fund or net state lottery proceeds.

(B) The limitations of division (A) of this section shall not apply to a particular issue or amount of obligations if the limitations are waived as to that particular issue or amount by the affirmative vote of at least three-fifths of the members of each house of the General Assembly, or to obligations issued to retire bond anticipation notes that were issued when the requirements of division (A) of this section were originally met as estimated for the bonds anticipated.

(C) For purposes of division (A) of this section, debt contracted by the state pursuant to Section 2 of Article VIII of the Ohio Constitution to repel invasion, suppress insurrection, or to defend the state in war, shall not be included in the calculation of total debt service.

ARTICLE IX: MILITIA

(D) For purposes of division (A) of this section, the General Assembly shall provide by law for computing the amounts required for payment of debt service, and may provide for estimating payments of debt service on bonds anticipated by notes, for including payments of debt service on obligations issued to refund or retire prior obligations in lieu of such payments on the prior refunded or retired obligations, and for the method of computing payments of debt service on any obligations required to be retired or for which sinking fund deposits are required prior to stated maturity. The Governor or the Governor's designee for such purpose shall determine and certify the fiscal year amounts required to be applied or set aside for payment of debt service, the obligations to which that debt service relates, the total estimated revenues of the state for the state General Revenue Fund and from net state lottery proceeds during the particular fiscal year, other financial data necessary for the purposes of computations under division (A) of this section, and the permitted latest maturity of obligations. That certification shall be conclusive for the purposes of the validity of any obligations issued under this article.

(E) As used in this section:

- (1) "Fiscal year" means the state fiscal year.
- (2) "Debt service" means principal and interest and other accreted amounts payable on the obligations referred to.
- (3) "Direct obligations of the state" means obligations issued by the state on which the state of Ohio is the primary or only direct obligor.

ARTICLE X: COUNTY AND TOWNSHIP ORGANIZATIONS

ORGANIZATION AND GOVERNMENT OF COUNTIES; COUNTY HOME RULE; SUBMISSION.

§1 The General Assembly shall provide by general law for the organization and government of counties, and may provide by general law alternative forms of county government. No alternative form shall become operative in any county until submitted to the electors thereof and approved by a majority of those voting thereon under regulations provided by law. Municipalities and townships shall have authority, with the consent of the county, to transfer to the county any of their powers or to revoke the transfer of any such power, under regulations provided by general law, but the rights of initiative and referendum shall be secured to the people of such municipalities or townships in respect of every measure making or revoking such transfer and to the people of such county in respect of every measure giving or withdrawing such consent.

§3 The people of any county may frame and adopt or amend a charter as provided in this article but the right of the initiative and referendum is reserved to the people of each county on all matters which such county may now or hereafter be authorized to control by legislative action. Every such charter shall provide the form of government of the county and shall determine which of its officers shall be elected and the manner of their election. It shall provide for the exercise of all powers vested in, and the performance of all duties imposed upon counties and county officers by law. Any such charter may provide for the concurrent or exclusive exercise by the county, in all or in part of its area, of all or of any designated powers vested by the constitution or laws of Ohio in municipalities; it may provide for the organization of the county as a municipal corporation; and in any such case it may provide for the succession by the county to the rights, properties, and obligations of municipalities and townships therein incident to the municipal power so vested in the county, and for the division of the county into districts for purposes of administration or of taxation or of both. Any charter or amendment which alters the form and offices of county government or which provides for the exercise by the county of power vested in municipalities by the constitution or laws of Ohio, or both, shall become effective if approved by a majority of the electors voting thereon. In case of conflict between the exercise of powers granted by such charter and the exercise of powers by municipalities or townships, granted by the constitution or general law, whether or not such powers are being exercised at the time of the adoption of the charter, the exercise of power by the municipality or township shall prevail. A charter or amendment providing for the exclusive exercise of municipal powers by the county or providing for the succession by the county to any property or obligation of any municipality or township without the consent of the legislative authority of such municipal-

ity or township shall become effective only when it shall have been approved by a majority of those voting thereon (1) in the county, (2) in the largest municipality, (3) in the county outside of such municipality, and (4) in counties having a population, based upon the latest preceding federal decennial census of 500,000 or less, in each of a majority of the combined total of municipalities and townships in the county (not included within any township any part of its area lying within a municipality).

(1933, am. 1957)

COUNTY CHARTER COMMISSION; ELECTION, ETC.

§4 The legislative authority (which includes the Board of County Commissioners) of any county may by a two-thirds vote of its members, or upon petition of eight per cent of the electors of the county as certified by the election authorities of the county shall forthwith, by resolution submit to the electors of the county the question, ‘Shall a county charter commission be chosen?’ The question shall be voted upon at the next general election, occurring not sooner than ninety-five days after certification of the resolution to the election authorities. The ballot containing the question shall bear no party designation. Provision shall be made thereon for the election to such commission from the county at large of fifteen electors if a majority of the electors voting on the question have voted in the affirmative.

Candidates for such commission shall be nominated by petition of one per cent of the electors of the county.

The petition shall be filed with the election authorities no less than seventy-five days prior to such election. Candidates shall be declared elected in the order of the number of votes received, beginning with the candidate receiving the largest number; but not more than seven candidates residing in the same city or village may be elected. The holding of a public office does not preclude any person from seeking or holding membership on a county charter commission nor does membership on a county charter commission preclude any such member from seeking or holding other public office, but not more than four officeholders may be elected to a county charter commission at the same time. The legislative authority shall appropriate sufficient sums to enable the charter commission to perform its duties and to pay all reasonable expenses thereof.

ARTICLE XI: APPORTIONMENT

The commission shall frame a charter for the county or amendments to the existing charter, and shall, by vote of a majority of the authorized number of members of the commission, submit the same to the electors of the county, to be voted upon at the next general election next following the election of the commission. The commission shall certify the proposed charter or amendments to the election authorities not later than seventy-five days prior to such election. Amendments to a county charter or the question of the repeal thereof may also be submitted to the electors of the county in the manner provided in this section for the submission of the question whether a charter commission shall be chosen, to be voted upon at the first general election occurring not sooner than sixty days after their submission. The legislative authority or charter commission submitting any charter or amendment shall, not later than thirty days prior to the election on such charter or amendment, mail or otherwise distribute a copy thereof to each of the electors of the county as far as may be reasonably possible, except that, as provided by law, notice of proposed amendments may be given by newspaper advertising. Except as provided in Section 3 of this Article, every charter or amendment shall become effective if it has been approved by the majority of the electors voting thereon. It shall take effect on the thirtieth day after such approval unless another date be fixed therein. When more than one amendment, which shall relate to only one subject but may affect or include more than one section or part of a charter, is submitted at the same time, they shall be so submitted as to enable the electors to vote on each separately. In case more than one charter is submitted at the same time or in case of conflict between the provisions of two or more amendments submitted at the same time, that charter or provision shall prevail which received the highest affirmative vote, not less than a majority. If a charter or amendment submitted by a charter commission is not approved by the electors of the county, the charter commission may resubmit the same one time, in its original form or as revised by the charter commission, to the electors of the county at the next succeeding general election or at any other election held throughout the county prior thereto, in the manner provided for the original submission thereof.

The legislative authority of any county, upon petition of ten per cent of the electors of the county, shall forthwith, by resolution, submit to the electors of the

county, in the manner provided in this section for the submission of the question whether a charter commission shall be chosen, the question of the adoption of a charter in the form attached to such petition.

Laws may be passed to provide for the organization and procedures of county charter commissions, including the filling of any vacancy which may occur, and otherwise to facilitate the operation of this section. The basis upon which the required number of petitioners in any case provided for in this section shall be determined, shall be the total number of votes cast in the county for the office of governor at the last preceding general election therefor.

The foregoing provisions of this section shall be self-executing except as herein otherwise provided.

(D) In making a new apportionment, district boundaries established by the preceding apportionment shall be adopted to the extent reasonably consistent with the requirements of section 3 of this Article.

entered on the journals, with the yeas and nays, and shall be filed with the secretary of state at least ninety days before the date of the election at which they are to be submitted to the electors, for their approval or rejection. They shall be submitted on a separate ballot without party designation of any kind, at either a special or a general election as the General Assembly may prescribe.
